SARPA will fund the hiring of vehicles for SA ISSF & PA State Team members who have pre-arranged their requirements with the SA ISSF & PA State Team Manager before the end of February each year.

Note: Priority is given to SA State Team members competing on that day to and from the range from the State Team accommodation to allow adequate arrival before preparation time. Non competing team members and supporters will be transported in subsequent trips to and from the range.

SARPA hired vehicles are not available for those not staying at the SARPA booked team accommodation. SARPA hired vehicles are not available for unapproved 'social' or 'sightseeing' trips.

TEAM MEMBERS TRAVELLING IN YOUR OWN CAR TO THE NATIONALS:

NOTE: Travel cost contribution is as above. If you take your own car, please be advised there is no extra contribution for fuel during the National competition period or for journeys to and from the range.

If a group of State Team members travel in the same car – submitted original paid tax invoices/receipts for a reasonable journey from their South Australian residential address to the nationals SA ISSF & PA Team accommodation will be accepted. SARPA will contribute **THE LESSER VALUE** between the total paid original petrol tax invoices/receipts submitted and the total SARPA maximum travel contribution for the group of team members (eg 4 team members in one car = total SARPA maximum contribution of \$1200 – if the total of paid original petrol tax invoices/receipts is \$1,005 then SARPA will reimburse \$1,005 to the presenter of the paid tax original invoices / receipts)

The contribution is exactly that, a contribution, no member may benefit monetarily from this contribution by SARPA for travel.
